

Enrolment Application

Welcome from our Principal

At Amberley District SS, academic success and student wellbeing go hand in hand. Students learn effectively at our school because they feel safe and nurtured and at the same time challenged. We have a committed staff who set high expectations and build authentic relationships. They go above and beyond for our students.

Young learners today continue to share much in common with learners from the past. To thrive now and into the future learners need highly developed literacy and numeracy skills, and they need curiosity. It is curiosity that drives learning and helps students to be powerful learners today and to continue to adapt to change and learn throughout their lives.

At our school we are focused on cultivating curiosity and growing learners abilities to be courageous, inquirers, collaborators, communicators, thinkers and self-managers. These abilities are what we call our learning assets.

Our aim is that all learners bounce into school eager to learn, feel they belong and have people who believe in them and that each day they are growing their learning assets. We are lucky to have both an expert staff and a modern and well-resourced campus that supports the educational needs of all students and assists us as a community to deliver an education of the highest possible standard. Our staff believe that if our school is to prepare students for the challenges of their future, they each must also continue to learn and strive to be the best they can be.

A large number of our families have a long association with Amberley District and we continue to welcome new members to our community. If you have a young child (0-4yrs) we invite you to join our playgroup each Thursday morning of the school term. This is a great way to begin to become part of our community.

We value the role that parents, carers and grandparents play in the education of their children and I look forward to working in partnership with you.

Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Information Communication and Technology (ICT) Policy & Internet Use Agreement

Purpose statement

- Information and communication technology (ICT), including access to and use of the internet and email, are essential tools for schools in the provision of innovative educational programs.
- Schools are constantly exploring new and innovative ways to incorporate safe and secure ICT use into the educational program.
- School students, only with the approval of the principal, may be permitted limited connection of personally-owned mobile devices to the department's network, where this benefits the student's educational program.

Authorisation and controls

The principal reserves the right to restrict student access to the school's ICT services, facilities and devices if access and usage requirements are not met or are breached. However restricted access will not disrupt the provision of the student's educational program. For example, a student with restricted school network access may be allocated a stand-alone computer to continue their educational program activities.

The Department of Education monitors access to and use of its network. For example, email and internet monitoring occurs to identify inappropriate use, protect system security and maintain system performance in determining compliance with state and departmental policy.

The department may conduct security audits and scans, and restrict or deny access to the department's network by any personal mobile device if there is any suspicion that the integrity of the network might be at risk.

Responsibilities for using the school's ICT facilities and devices

- Students are expected to demonstrate safe, lawful and ethical behaviour when using the school's ICT network as outlined in the Student Code of Conduct.
- Students are to be aware of occupational health and safety issues when using computers and other learning devices.
- Parents/guardians are also responsible for ensuring students understand the school's ICT access and usage requirements, including the acceptable and unacceptable behaviour requirements.
- Parents/guardians are responsible for appropriate internet use by students outside the school environment when using a school-owned or school-provided mobile device.
- The school will educate students (DoE employees only) regarding cyber bullying, safe internet and email practices, and health and safety regarding the physical use of ICT devices. Students have a responsibility to adopt these safe practices.
- Use of the school's ICT network is secured with a user name and password. The password must be difficult enough so that it cannot be guessed by other users and is to be kept private by the student and not divulged to other individuals (e.g. a student should not share their username and password with fellow students).
- Students cannot use another student's or staff member's username or password to access the school network. This includes not browsing or accessing another person's files, home or local drive, email or accessing unauthorised network drives or systems. Additionally, students should not divulge personal information (e.g. name, parent's name, address, phone numbers), via the internet or email, to unknown entities or for reasons other than to fulfil the educational program requirements of the school.
- Students need to understand that copying software, information, graphics or other data files may violate copyright laws without warning and be subject to prosecution from enforcement agencies.

Responsibilities for using a personal mobile device on the department's network

- Prior to using any personally-owned mobile device, students must seek approval from the school principal to ensure it reflects the department's security requirements.
- Students are responsible for the security, integrity, insurance and maintenance of their personal mobile devices and their private network accounts.
- Appropriate anti-virus software has been installed and is being managed.
- Students must follow any advice provided on best security requirements e.g. password protection (see iSecurity website for details).
- Students and parents are to employ caution with the use of personal mobile devices particularly as these devices can store significant numbers of files some of which may be unacceptable at school e.g. games and 'exe' files. An

'exe' file ends with the extension '.exe' otherwise known as an executable file. These files can install undesirable, inappropriate or malicious software or programs.

- Any inappropriate material or unlicensed software must be removed from personal mobile devices before bringing the devices to school and such material is not to be shared with other students.
- Unacceptable use will lead to the mobile device being confiscated by school employees, with its collection/return to occur at the end of the school day where the mobile device is not required for further investigation.
- All student's mobile devices are to be handed into admin on arrival to school and collected after 3pm.

AMBERLEY DISTRICT STATE SCHOOL

Student Resource Scheme - Participation Agreement Form

The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.

Participation

YES I wish to participate in the Student Resource Scheme. I have read and understand the Terms and Conditions of the scheme (see reverse) and agree to abide by them and to pay the annual participation fee in accordance with the selected payment arrangement. I understand that I can opt out of participation in the SRS in any year by completing a new Participation Agreement Form.

NO I have read the terms and conditions and I do not wish to participate in the Student Resource Scheme. I understand I must provide my child with all items that would otherwise be provided by the SRS as detailed in the information provided by the school. I understand that I can choose to join the SRS in future years by completing a new Participation Agreement Form.

13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any pro-rata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

15. Parents who choose not to participate in the SRS are responsible for providing their student with all items that would otherwise be provided by the SRS to enable their student to engage with the curriculum.
16. The school will provide non-participating parents with a list of resources the parents are required to supply for their child.
17. All items included in the SRS must be able to be independently sourced, purchased and supplied by parents who choose not to participate in the SRS.

The Resources

19. SRS funds received by the school will only be expended on student resources outlined in the school’s SRS and will not be expended on other items or used to raise funds for other purposes.
