Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 Investing for Success agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Providing time for teachers to collaboratively analyse data and co-plan with their POD deputy to meet the needs of all students
- Increasing funding for a speech language therapist to implement early intervention and programs to increase the vocabulary of all students
- Employing teacher aides to staff a model of inclusion that supports the needs of all students including students with disabilities and our highest achievers
- Increasing the number of inclusion teachers to one per year level, to co-plan and co-teach with the year level team, and increase literacy and numeracy results.
